

Aracoma Lodge - Rainbow Man Flap Determination

On May 11th, 2018, Jon Hall, Alan Snyder, Alan Scott and Thomas Brooks met at the Alabama Trade-O-Ree, in Northport Alabama, to bring to a rest, once in for all, the Rainbow Man Flap – Flap. We agreed that the Rainbow Man Flaps are as listed:

S5a – 118 X 56 mm, Cloth Back, White Lock Stitch in blue border:

S5b – 118 x 56 mm, Plastic Back, White Lock Stitch in blue border:

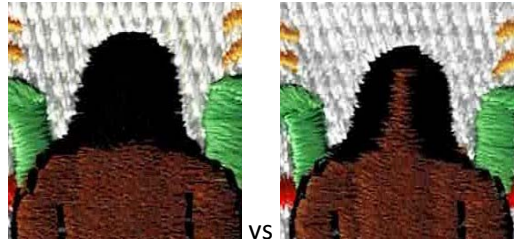

(It is difficult to tell from the scan, but there is a clear plastic coating on this S5b)

S5c – 120 x 62 mm, Plastic Back, Thin Black Letters:

(Note the thin letters in Aracoma)

S5c2 – While not a different issue, this is the S5c that was issued where Eric Nelson took a black marker and colored in the part in the hair in the man’s scalp:

S5c2 vs S5c

S7a – 120 x 58 mm, Cloth Back, wide Blue Border on back:

S7b – 120 x 58 mm, Plastic Back, wide Blue Border on back:

We hope that this clears up any confusion on the issue.

Respectfully,

Thomas Brooks
